

Geography at Heathfield Primary School 2023-2024

	Autumn		Spring		Summer	
	1	2	1	2	1	2
Nursery	I can start to talk about my own immediate environment and where I live.	I can begin to discuss similarities and differences of celebrations around the world. I can share ideas about winter.		I can learn about farms environment through direct experience (farm visit).	Look at emergency services from around the world – discuss uniform, vehicles.	I can talk about holiday experiences and know that there are countries beyond ours. I can talk about the four seasons and differences between them.
Rec Understanding the World	What do I see near my house? What are the seasons of the year? What is it like in autumn?	Where is the nearest post box?	What is it like in winter? Where have you travelled to in the immediate local area? Where is China and how is life different there?	What is life like in Kenya? What are the signs of spring?		
Year 1	Where is my school?		Where in the world do I live?			Why is weather wonderful?
Year 2	Would I rather live in Darlington or Kenya?		Why are maps magical?			Why do we love being beside the seaside?
Year 3		Why is nature so destructive?	What is the geography of the United Kingdom?		What is special about a rainforest?	
Year 4		Why is water wonderful?		Where shall we settle?		What is all around the World?
Year 5	Is there enough for everyone?			Why are rivers important?		Why are maps marvellous?
Year 6		Why are the Americas Awesome?	Why are mountains Magnificent?			Is our world changing?
